

1.) Search Google for Teamviewer Download

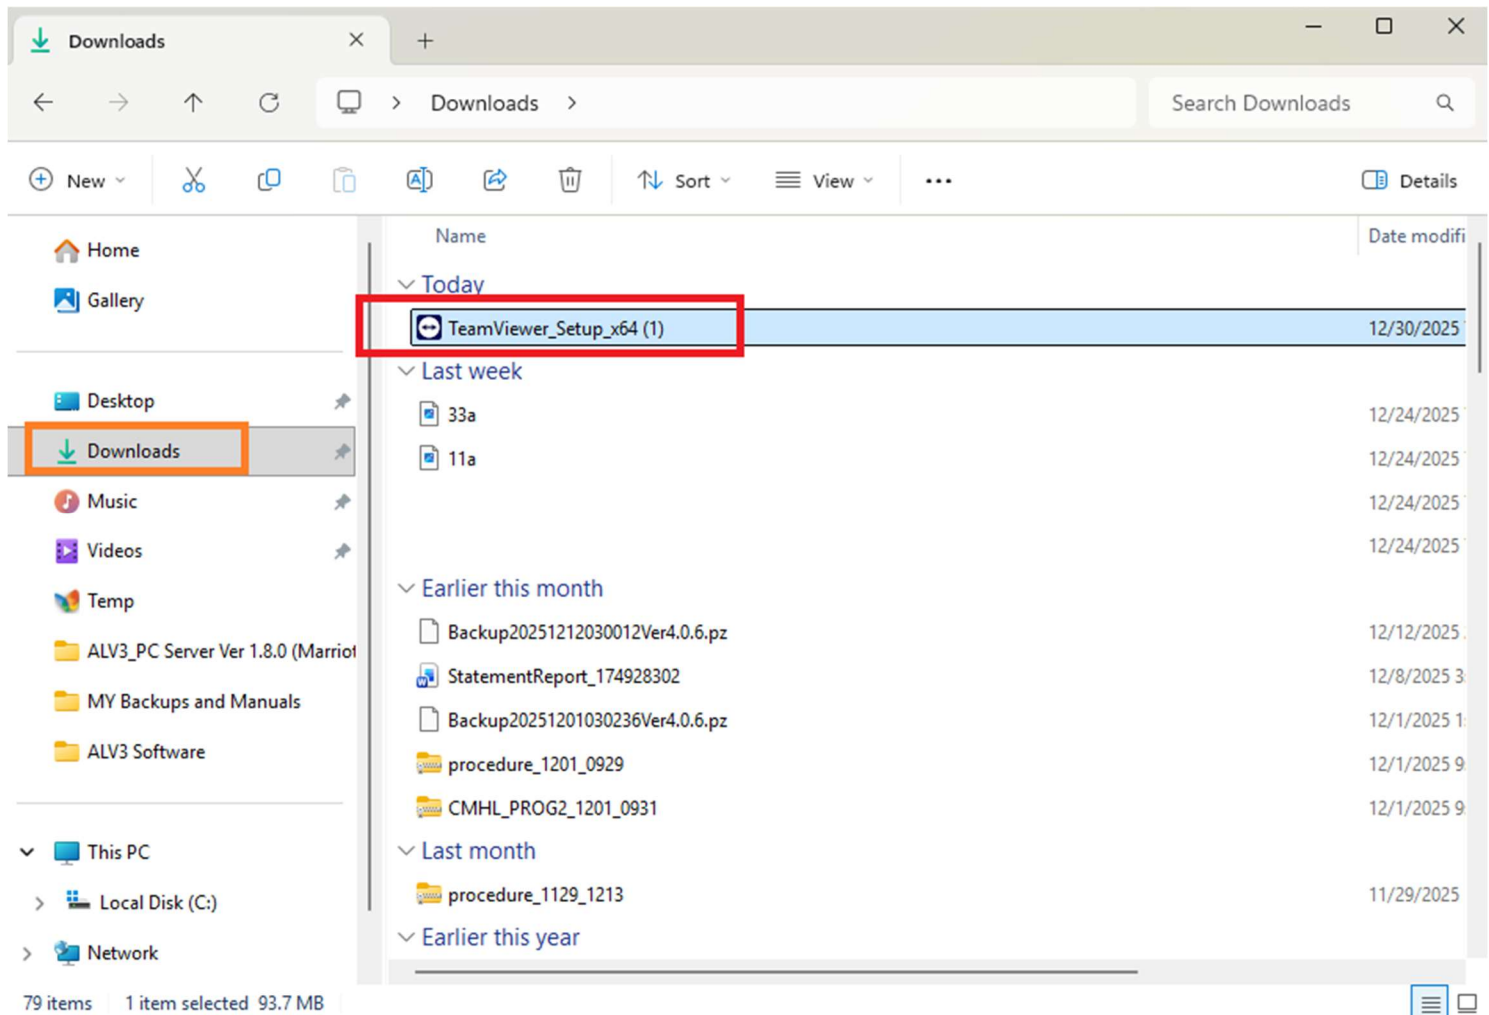

Click on Teamviewer Latest Version

The screenshot shows a Google search results page for the query 'teamviewer download'. The search bar at the top contains the text 'teamviewer download'. Below the search bar, the 'Sponsored result' section is visible. The first result is from TeamViewer, with the URL 'https://www.teamviewer.com'. The link 'TeamViewer Latest Version' is highlighted with an orange box. Below the link, there is a description: 'TeamViewer Remote Access — Connect, Access and Support with TeamViewer's Remote Solution. TeamViewer Remote Desktop Solutions - Easy to...'. To the right of the search results, there is a 'See results about' box with a 'TeamViewer' software company entry. Below the sponsored results, there are several links: 'Remote Desktop', 'For PCs and Mobile Devices', 'TeamViewer: Remote Start Now', 'Request Trial Today', and 'Our Licenses'. At the bottom, there is a 'People also search for' section with suggestions like 'teamviewer download 64-bit' and 'teamviewer quicksupport'.

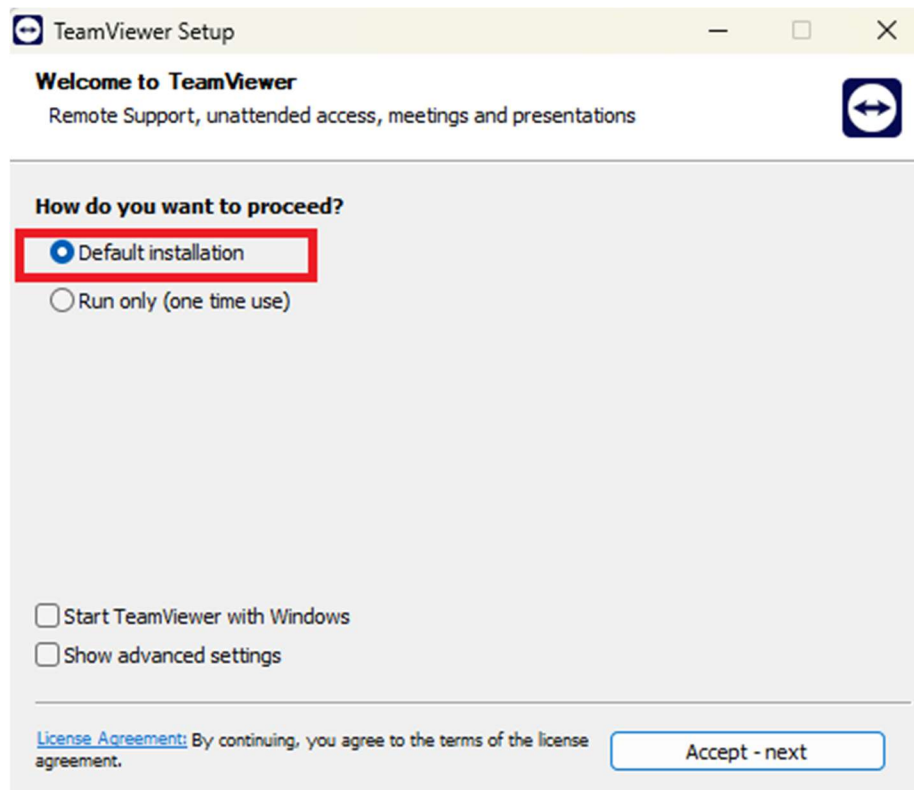

2.) Click Download Teamviewer

The screenshot shows the TeamViewer website's download page for Windows. The page has a navigation bar with links to 'Products', 'ONE Platform', 'Solutions', 'Enterprise', 'Resources', and 'Pricing'. Below the navigation bar, there is a section titled 'DOWNLOAD FOR FREE' with the heading 'TeamViewer for Windows'. Under this heading, there is a subheading 'Access devices remotely and provide or receive support.' and two buttons: 'Download TeamViewer' (highlighted with a red box) and 'Download QuickSupport'. Below the buttons, there is a section titled 'By installing and using TeamViewer, you accept our Terms and Conditions and our Privacy Policy.' followed by a screenshot of the TeamViewer interface. At the bottom of the page, there is a section titled 'Discover TeamViewer Remote' and a footer with the text 'It's time for a smarter view' and 'TeamViewer Intelligence redefines how remote access and support are delivered, empowering...'. On the right side of the page, there is a 'TeamViewer Chat' widget.

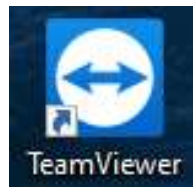

3.) On your Downloads Folder, Double click Teamviewer Setupx64

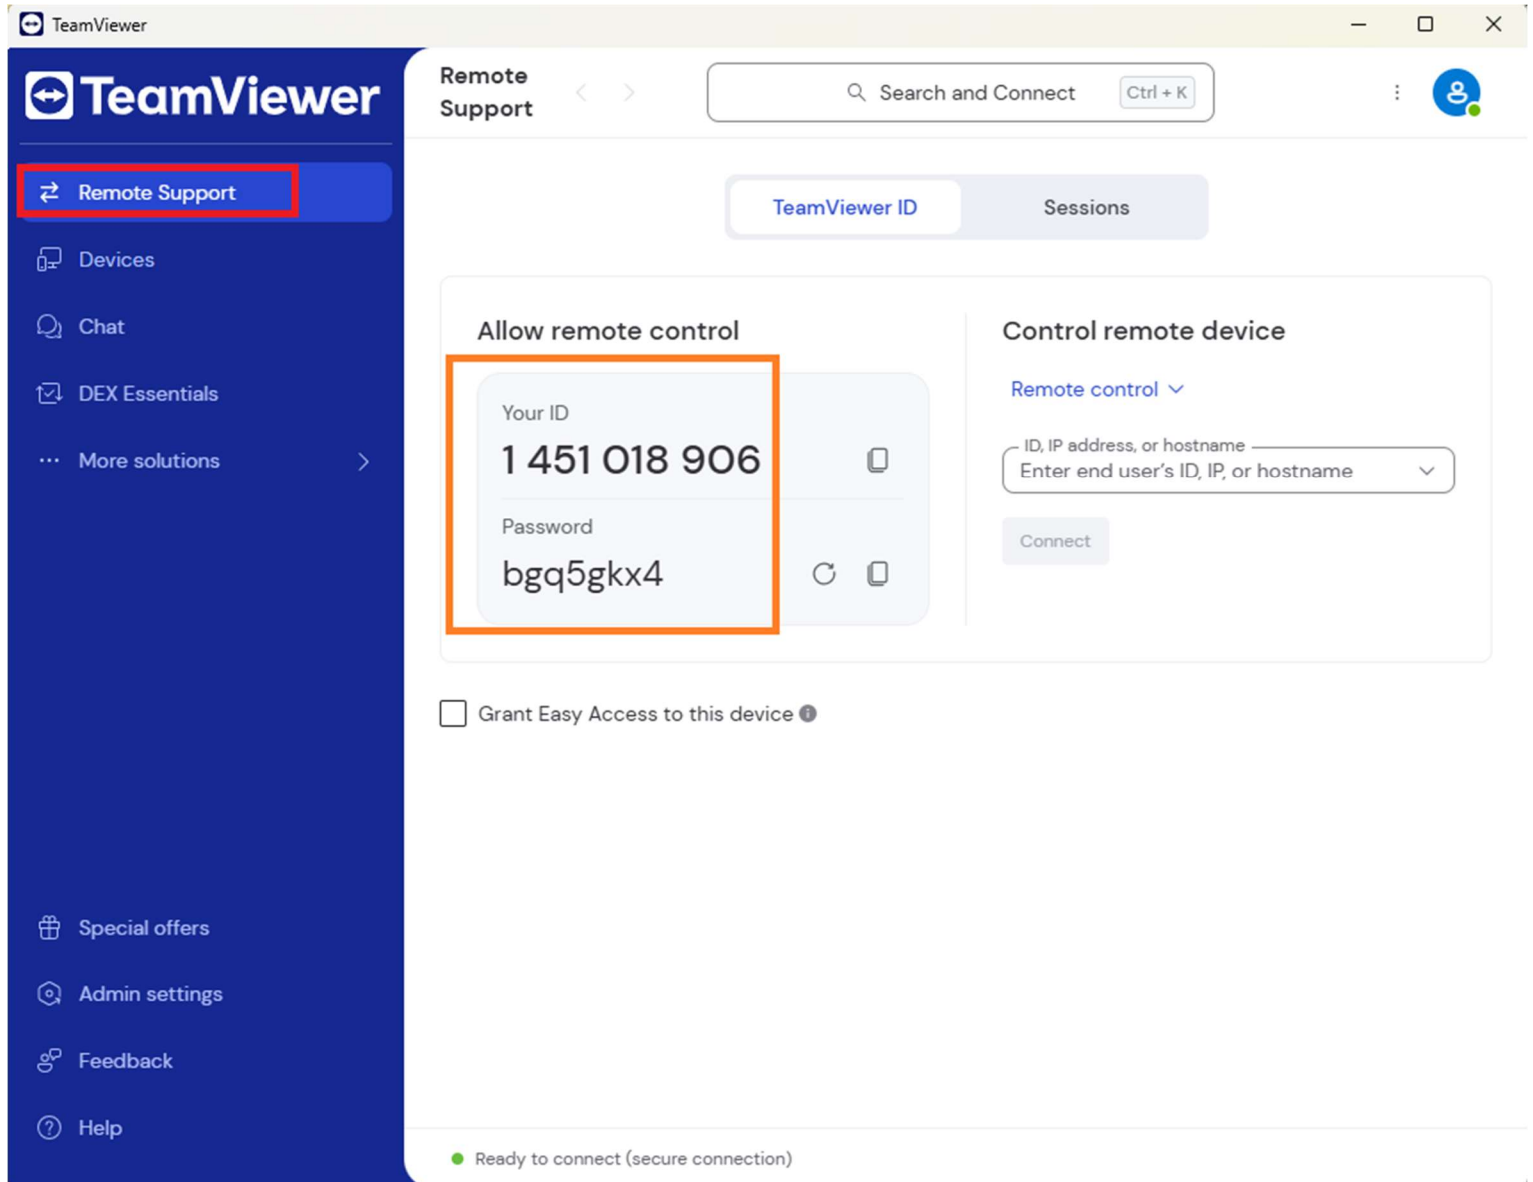

4.) Select Default Installation and go through the install process

5.) Double Click on the Teamviewer Icon.

6.) Select Remote Control. Tell the Miwa rep what your ID and Password is, so they can connect to your PC.

The screenshot shows the TeamViewer Remote Support interface. On the left is a dark blue sidebar with the TeamViewer logo at the top. Below the logo, there are several menu items: "Remote Support" (highlighted with a red rectangle), "Devices", "Chat", "DEX Essentials", and "More solutions". At the bottom of the sidebar are "Special offers", "Admin settings", "Feedback", and "Help". The main area is white and titled "Remote Support". It has a search bar with the text "Search and Connect" and a "Ctrl + K" button. Below the search bar are two tabs: "TeamViewer ID" (selected) and "Sessions". The "TeamViewer ID" tab contains two sections: "Allow remote control" and "Control remote device". The "Allow remote control" section has a box with "Your ID" and the number "1 451 018 906", and "Password" and the text "bgq5gkx4". This box is highlighted with an orange rectangle. To the right of the "Allow remote control" box are two icons: a smartphone and a refresh button. The "Control remote device" section has a "Remote control" dropdown menu, a text input field with the placeholder "ID, IP address, or hostname" and "Enter end user's ID, IP, or hostname", and a "Connect" button. At the bottom of the main area, there is a checkbox labeled "Grant Easy Access to this device" and a status bar at the very bottom that says "Ready to connect (secure connection)".
